

Southern SARE Equity and Prosperity Sustainable Ag Leadership Nomination Form

The Southern SARE Equity and Prosperity Sustainable Agriculture Leadership Program champions the leadership contributions of historically underserved farmers and ranchers and non-governmental organizations that serve those audiences within the Southern region.

The purpose of the program is to enhance the resiliency, strength and vivacity of historically underserved farmers and ranchers. Such groups include minority and socially disadvantaged farmers and ranchers, beginning farmers and ranchers, military veterans and women farmers.

In order to recognize those contributions in the sustainable agriculture community across the Southern region, the Sustainable Agriculture Leadership Program provides a small amount of sponsorship funds to support education and training activities specifically targeted to historically underserved farmers and ranchers. Sponsorship funds may also support program participants who want to attend a training related to their overall community efforts. The training topic must relate to sustainable agriculture.

To be considered for such support, please fill out this nomination form and email to Brennan Washington at washingtonb@fvsu.edu. **When you submit your application via email, please provide a short description about your agricultural leadership work.**

Name of Individual: _____

Name of Organization (if applicable): _____

Address: _____

Contact Email: _____
