

How to Register a New Entity in SAM - Assistance

What do I need to get started?

Unique Entity Identifier (UEI):

You need a Unique Entity Identifier (UEI) to register your entity in SAM.gov. UEIs are unique for each physical location you register.

The authoritative UEI at this time is the Data Universal Numbering System (DUNS) Number. If you do not have one, request a DUNS for **free** by visiting [Dun & Bradstreet \(D&B\)](#).

It takes no more than 1-2 business days to obtain a DUNS.

Taxpayer Identification Number (TIN):

You need your entity's Taxpayer ID Number (TIN) and Taxpayer Name (as it appears on your most recent tax return). Foreign entities that do not pay employees within the U.S. do not need to provide a TIN. Your TIN is usually your Employer Identification Number (EIN) assigned by the Internal Revenue Service (IRS). Sole proprietors may use their Social Security Number (SSN) assigned by the Social Security Administration (SSA) as their TIN; however, we strongly encourage you to obtain a [free EIN from the IRS](#). Allow approximately two weeks before your new EIN is ready for use when registering in SAM.

Completing an Entity Registration in SAM.gov

1. Select your entity type.
2. If you are registering in SAM.gov to apply for a federal financial assistance opportunity on Grants.gov and you are NOT interested in pursuing federal contracts, you will have a much shorter registration. To choose the grants only path:
 - Select “I only want to apply for federal assistance opportunities like grants, loans, and other financial assistance programs” in response to the question “Why are you registering this entity to do business with the U.S. government?”
3. Complete the Core Data section:
 - Validate your entity information.
 - Enter Business Information (TIN, etc.) This page is also where you create your Marketing Partner Identification Number (MPIN). Remember your MPIN as it will help identify you in several other government systems. You must have it to apply in Grants.gov.
 - If you have a CAGE Code, enter it here. CAGE codes are tied to your UEI and cannot be reused. If you do not have a CAGE code for the UEI you are registering, do not worry; we will assign one after your registration is submitted. Foreign registrants must enter their NCAGE code before proceeding.

- Enter General Information (business types, organization structure, etc.) about your entity.
 - Provide your entity's Financial Information, i.e., U.S. bank Electronic Funds Transfer (EFT) Information for federal government payment purposes. Foreign entities do not need to provide EFT information.
 - Answer the Executive Compensation questions.
 - Answer the Proceedings Details questions.
4. Complete the Points of Contact section:
 - Your Electronic Business POC is essential to your Grants.gov registration and application process. Other government systems, such as the CAGE program, will use your government POC to contact you. List someone with direct knowledge of this registration for both of the POC fields.
 5. Complete the Representations and Certifications section (for non- federal entities only). Select Yes/No on the Financial Assistance Response page.
 6. After your final review, make sure to select "Submit." You will receive a Registration Submitted - Confirmation message on the screen. If you do not see this message, you have not submitted your registration.

Note: We will review your registration. SAM.gov will send an email when your registration is active.

How long will it take for submission to become active?

Allow up to 12-15 business days after you submit before your registration is active in SAM.gov.

How to check the status of an Entity Registration

Quick Start Guide for Grantee Registrations

4. The status provides a quick summary for an entity, displaying the progress of that entity's most recent record. It will also display what steps remain until it is completed. The steps required are determined based on the purpose of registration.
5. Select the topic under the 'More About' for additional help on any of the status symbols or steps
6. To get the full entity details with reps and certs or any exclusions or to see non-public entities, you will need to use the main search.
